01

Open the buckle clip by pressing both side clips at the same time.

02

Move the top yoke of the bottle holder out of the way, and lower the bottle into the open neoprene tube.

03

Place the top yoke of the bottle holder over the neck of the bottle and press both parts of the buckle together to secure. Pull down on the webbing tab, below the buckle, to improve the fit.

04

Test the bottle is secure in the holder before use.
