

NEW! SLICE Auto-Retractable Squeeze-Trigger Utility Knife 10563

Näytä verkossa

Simply squeeze the handle, and you're ready to work

MAIN GROUP

Are you tired of working with a utility knife that doesn't protect you from accidental blade exposure? Do you dream of a tool that can cut various materials without going dull? If you answered "yes" to the above questions, then the Slice® Auto-Retractable Squeeze-Trigger Utility Knife is the perfect tool!

To expose the blade, simply squeeze the handle, and you're ready to work. This handle style works well with gloves, and the locking feature prevents blade exposure when the tool isn't in use. Changing the blade becomes a walk in the park, as no extra tools are required.

SLICE 10563

From cutting cardboard, tape, and banding to slicing plastic wraps and vinyl, Slice makes people and places safer. Learn more below.

- Locking feature prevents accidental exposure
- Durable nylon handle
- 100% zirconium oxide blade that never rusts
- Blade lasts on average 11.2x longer than metal blades
- Easy-to-use ambidextrous design

Great for:

- Opening cardboard boxes
- Cutting box flaps
- Slicing tape, shrink wrap, and plastic ties
- Breaking down boxes

Artikle nummer	10563
Maße (L x B x H)	168 x 60 x 18 mm
Weight	72 g
Material info	zirconium oxide
Klinge	10526
Wechselbare klinge	Yes, see options
Rostfreie Stahl	No
Detektiebare	No
Farge	black / green
Lebensmittelindustrie	No
Bestellnummer	10563
Schnitttiefe	25 mm
Verpackungseinheit	1 / 6 pcs
