

Safety Knife SEURIN

[Show online](#)

Durable Safety Knife made in magneisum to cut in vertical position.

MAIN GROUP

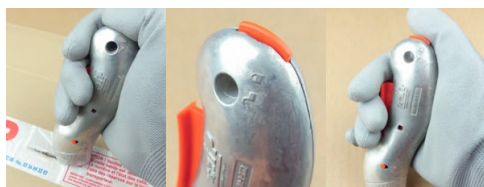

Robust Safety Knife made in magneisum with trigger and an automatic retractable blade. very light and resistant. Its shape allows intesiv work in a vertical position.

Safety Knife SEURIN

A special safety function prevents an unexpectedly exit of the blade. A difference of pressure during the cut allows the blade retraction even if the trigger is not released. Trigger lock function!

Certificated.

The blades can be changed easily. Delivered with a 68 mm long straight blade in steel tungsten 326.9. Thickness 0,9 mm!
