ALL HIGHLIGHTS AT A GLANCE.

4-TIMES USABLE BLADE

Why do you benefit more from your blade? With its four sharp edges, it can be rotated four times. That's why. The result? Blade life is quadrupled and you stay sharp for longer.

DOUBLE-SIDED SLIDER

With the right hand? With the left hand? It's all the same. We have fitted the SECUNORM HANDY with a slider that is accessible from both sides. Now that's handy!

SMALL, BUT ROBUST

Don't take this cutter at face value. It is small, but it is tough. The plastic insert sits snug within a coated metal handle. Light and compact, the SECUNORM HANDY will guide you through thick and thin, long term.
