The Slice 10580 Precision Knife's unique handle offers an innovative finger grip that gives the user precise control for detailed cuts and intricate shapes. Its non-slip inner ring coating and cross-hatched grip ensure that the tool responds to your every move, while the safety cap protects against accidents between uses. This lightweight cutter ships with a Slice 10518 straight-edge, rounded tip ceramic craft blade that lasts 11.2 times longer than comparable steel blades. All Slice ceramic blades are non-sparking, non-magnetic, chemically inert, safe up to 1600 degrees Celsius, and never rust.

- Blade type: straight edge, rounded tip
- Ring-style handle features comfort grip
- Ambidextrous design
- Compatible blades: 10518, 10519, 10520, 10532, 10536, 10537
- Includes 1 rounded-tip ceramic blade (10518)
- Finger-friendly edge stays sharp 11x longer
- Chemically inert blade never rusts
- Non-sparking, non-conductive blade
- Reduces injuries, lowers costs
- No-tool blade change
