

Safety Knife MERLOT

Knife 3 in 1 when safety is important.

Show online

The first real multi-purpose knife with automatically retractable blade to open packages.

[Read more about the Safety Knife MERLOT here \(Brochure pdf 2,52 M\)](#)

- Easy to change blade.
- The back-side protection is released during the cut.
- The shape of the knife allows to tear packaging adhesives on cardboard boxes and pallets and to cut protective films in safety. Throughout these operations the blade slider is blocked.
- A non cutting tip makes it easy to open cardboards by tearing the adhesive.
- Ergonomic to use
- Color: black / yellow.
- Different kind of spear blades available.
