Safefactor Defence Spray

With crime on the rise, we are constantly having to look for alternative protection for ourselves and the family. Safefactor Defence spray is the 100% legal alternative to Pepper spray. Ideal for students, shop owners, travellers, joggers, taxi drivers, nurses and other health care workers, neighbourhood wardens, walkers, bikers, hikers and anyone who wants extra protection.

It does not contain any harmful chemicals and is non-toxic. The most discrete defence spray you will find, it is perfect to carry in your pocket, handbag, car.

How to use: 1. the trigger launches a loud warningsound. 2. releases red spray (menthol, color) onto the attackers face, giving you vital seconds to escape and call the police. The red color will dye the assailants face and clothes for SEVERAL days.

[Look how it work here \(video, finnish\)](#)

Made in Finland!

Ominaisuuudet:

- alarming
- dyes
- blinds
