The Slice® 10562 Folding Utility Knife combines the familiarity of a folding pocket knife handle with the innovation of our finger-friendly® blades. Keep your knife handy by slipping it into a pocket or using the included belt clip. When you're ready to cut, press the quick-release lock button and unfold a safe, effective utility blade. The featured finger loop provides a secure gripping option. As with all Slice tools, the 10562 is designed for right- and left-handed use. The installed rounded-tip safety blade cuts effectively and lasts up to 11 times longer than standard steel blades. All Slice safety blades are non-sparking, non-conductive, and never rust.

- Installed blade type: rounded tip
- Durable metal handle with comfortable finger loop
- Fixed blade sheathed in folding handle
- Ambidextrous design
- Finger-friendly® blade cuts effectively
- Reduces injuries, lowers costs
- Non-sparking, non-conductive, non-magnetic blade
