Deep cut. High quality. Metal detectable.

Just like the other PROFIs, the SECUNORM PROFI40 MDP is a professional cutting tool. Particularly when it comes to cutting open all different types of sacks. Some cutting tasks demand a decent blade length. The 40 mm blade extension of the robust SECUNORM PROFI40 MDP therefore makes it an excellent choice. It is also paint-free and metal detectable, ideal for industries wanting to avoid foreign objects entering and disrupting their production processes.

SECUNORM PROFI40 MDP

All highlights at a glance.

Metal detectable

While working, a cutting tool – or parts of it – can sometimes get lost. But only for a short while. The metal detectable plastic and distinctive blue colour ensures you'll find it again fast.

Paint-free

You would like to avoid risks in your job, wherever possible? That's understandable. An unpainted handle minimises the risk of contamination of the production process.

Robust handle

The plastic insert of the SECUNORM PROFI40 MDP is in an aluminium handle. With its robust design, it is predestined for high cutting frequencies and a long life.

Very large cutting depth

The extra large cutting depth is ideal for multi-ply cardboard and bagged goods, and, for example, to cut any type of film. The stainless quality blade is characterised by an extremely low risk of breakage.

Tool-less blade change

Blade changing is quick to work out. Literally. You just need to slide the metal detectable plastic insert out of the handle and replace the old blade with a new one.

Article No	11900771
Size	143 x 17 x 31 mm
Weight	84 g
Material	Aluminium
Blade	STYROPOR BLADE NO. 17940
Blade change	Yes
Stainless steel	Yes
Detectable	Yes
Color	Metal / blue
Food safe	Yes
Order number	11900771.02
Cutting depth	36 mm
Packaging unit	1 in single unit box (10 knives in multipack)
GS-Certificate	180655-7242-55094-2020
EAN	4002632852367
