Combine comfort and safety so you can cut easily and confidently.

MAIN GROUP

The Slice® Small Scissors combine comfort and safety so you can cut easily and confidently. The tool has a lightweight, sturdy handle with soft-touch finger grips that fit perfectly in your left or right hand. Pointed-tip blades increase these highly portable scissors' effectiveness as you can easily puncture cutting material. However, the blade edges are safe to the touch due to their unique finger-friendly® design. Slice remains the first choice for safety and effectiveness in industrial settings and is now recognized as the leading safety scissors in homes. Ideal for trimming indoor plants and flowers, sewing and crafting, and using for laboratory work - the Small Pointed Scissors make people and places safer.

- Finger-friendly® blades are the only safety blade on the market
- Lightweight design and soft-touch finger grips to maximize comfort
- Suitable for left- and right-handed users
- BPA-, phthalate-, and lead-free, so ideal for kitchen use
- Slice® blades last 11.2x longer than traditional blades
