ALL HIGHLIGHTS AT A GLANCE.

## 4-TIMES USABLE BLADE

Why do you benefit more from your blade? With its four sharp edges, it can be rotated four times. That's why. The result? Blade life is quadrupled and you stay sharp for longer.

## ERGONOMIC HANDLE

MARTOR wants to make your work easier for you, which is why we always have ergonomics in mind. With its small size and rounded off end, there's nothing uncomfortable about this cutter. A grooved slider offers grip for even better handling.

## EASY BLADE CHANGE

Once again we've improved blade change. Simply press against the blade change button and pull to open the handle. The slider automatically folds up, revealing the blade. Rotate or change and continue cutting.

## DOUBLE-SIDED SLIDER

The SECUNORM 175 is user friendly in the best sense of the word. And with

its double sided slider, it is suitable for both, right and left handed users. No modification required.

#### PRACTICAL EYELET

A cutting tool as handy as the SECUNORM 175 fits in your pocket. Mostly! To make your cutter available even faster, you can pull a strap through the eyelet. And hang it around your wrist, for example.
