If you are particular about details. With a prominent tip.

GRAFIX BOY is something of a "fine fellow" among scalpels. That's because it is suitable for particularly precise and delicate cutting work. Or for careful erasing. You hold the cutting tool made of aluminium in your hand as you would hold a writing instrument. It is also very uncomplicated to handle, for example, blade changing.

All highlights at a glance.

Made of aluminium

The heading already says everything. The GRAFIX BOY is an extremely robust cutting tool. Whether as a handyman, artist or graphic designer - you will definitely count the scalpel as one of your assistants for a long time.

Easy blade changing

Changing blades is so easy, that you only need to remember the following: turn open the knurled nut and release the blade holder. Take out the blade, put in the new one, done.

Light and handy

GRAFIX BOY convinces you with its light and handy appearance. The pen-
