

# Säkerhetskniv SECUNORM 540

Näytä verkossa

Robust säkerhetskniv med skärdjup upp till 36 mm.

**ILLBY PLAST**  
plast - muovi - plastics

En liten men robust kniv med skärdjup upp till 36 mm samt tjockt knivblad 0,63 mm. Knivbladet är helt och inte sk. brytblad, dvs det går inte av. Skär väldigt bra även i tjockt material. Knivbladet går automatiskt in då den inte används. Knivbladet är lätt att byta ut och kan också fås i rostfritt stål, vänligen kolla alternativen uppe till höger.

SECUNORM 540

## Automatic blade retraction – a high degree of safety

The automatic blade retraction of the SECUNORM 540 guarantees a high degree of safety from cut injuries. As soon as you have started to cut, take your thumb off the slider. Then the blade will retract into the handle immediately after leaving the material being cut.

All highlights at a glance.

## Robust handle

The aluminium handle is already familiar from the SECUNORM PROF140. The handle and a newly developed plastic insert form a perfect team to ensure that your SECUNORM 540 is equipped to meet even the toughest tasks.

Optimised slider

A firm hold and grip are typical MARTOR characteristics. The SECUNORM 540 is no different. Its slider has a grooved structure and is especially large, giving the ideal conditions for comfortable, "hands-on" work – even when wearing gloves.

#### Safe blade changing

The blade change button gives easy access to the blade, which is also held in place by a magnet. A further practical feature is that the blade cover can be lifted and locked in an open position.

#### Very large cutting depth

The extra-large cutting depth is ideal for thick materials such as foam and polystyrene, but also for tasks such as cutting paper rolls. The quality blade has an extremely low risk of breakage.

#### Secure hold

For secure fastening, the SECUNORM 540 is equipped with a practical lanyard hole, another reason why it could become a constant companion. You then reduce risks two-fold: the risk of loss and the risk of cutting injuries.

Article number	54000410.02
Size	143 x 17 x 31 mm
Weight	79 g
Material	Aluminium
Blade	7940
Blade change	Yes
Stainless steel	No
Detectable	No
